Dear sir/ma'am,

**RE: APPLICATION FOR THE POSITION OF INFORMATION COMMUNICATION
TECHNOLOGY OFFICER.**

I am writing this letter to apply for an information communications technology officer position in your organization in response to an advertisement published by your organization.

I just completed my Bachelor's degree in Business Computing, awaiting my graduation at Jomo Kenyatta University of Agriculture and Technology.

I believe that my years of technical experience and education will make me a competent person for the position. The main strengths that I have which will contribute to this position include:

- I have designed, developed and hosted websites and software using my knowledge in stack development.
- I know various programming languages and frameworks, including Python, JavaScript, CSS, HTML, PHP, SQL, React and Django. I also have troubleshooting skills with computer software and hardware and knowledge of Web development and software.

I am eager to put my knowledge and experience to work for a well-known corporate firm such as yours. I will continuously work towards achieving my goals through hardwork and excellence for the company's good. I am ready to provide an exceptional contribution to the needs and wants of the company through my knowledge and skills. I am eager and ready to learn new technologies when required, and I believe this is also a great opportunity to grow my career path.

Attached you will find my Curriculum vitae and my academic documents for your consideration.

Thank you for your time and consideration. I look forward to hearing from you soon.

Yours faithfully,

Moses Alukwe Nielsen
